# RACE BENEFICIARY: ENGAGING CREATIVE MINDS

The PNC Bank Charleston Half Marathon is proud to continue its longstanding support of Engaging Creative Minds!

Engaging Creative Minds (ECM) mission is to spark creativity and curiosity in all learners through innovative learning experiences.

ECM is an Arts Integration educational nonprofit based in Charleston, South Carolina. ECM works with school districts, principals, teachers and the local workforce to identify specific knowledge and skill sets all students should master before graduating high school. ECM hires and trains local artists, STEM (science, technology, engineering, mathematics) professionals and cultural organizations, called ECM Instructors, to work with grade level teams of teachers to support learning through the Arts.

For more information, check out the Engaging Creative Minds [website](#)!

Learn More! Be sure to stop by the ECM tent at Packet Pick-Up or the Post-Race Party to learn more about how ECM is positively contributing to education in the Lowcountry!

At packet pick-up, ECM will also have a sign making station, so while you're learning about all they do, make a sign for race day!

There will not be packet pick-up on race morning. Please make plans to attend beforehand, or have someone attend on your behalf.
